## ART RESORT

*There is an oasis far away from common places*

# History

The story of Tenuta Rasocolmo begins in the 19th century, when the estate served as a humble farmhouse overlooking the Mediterranean. Today, it stands as a beautifully restored family villa, brought back to life through the vision of Francesco Reitano.

In 2004, Francesco undertook the revival of his family's long-forgotten land, transforming more than ten hectares on the Capo Rasocolmo promontory into a refined estate. The property now includes a three-hectare vineyard dedicated to DOC Faro grapes, alongside olive groves, orchards, and citrus trees. Meticulously renovated, the ancient stone farmhouse now welcomes wine lovers and travelers seeking an authentic Sicilian experience. Guests are invited to enjoy tastings in the elegant tasting room, while the garden patio offers a scenic setting for events and private moments.

The villa houses two exclusive suites, offering a tailor-made stay immersed in refined charm. Located on Capo Rasocolmo—the northernmost point of Sicily—Tenuta Rasocolmo blends history, Sicilian style, and contemporary comfort into an experience of quiet elegance.

# Philosophy

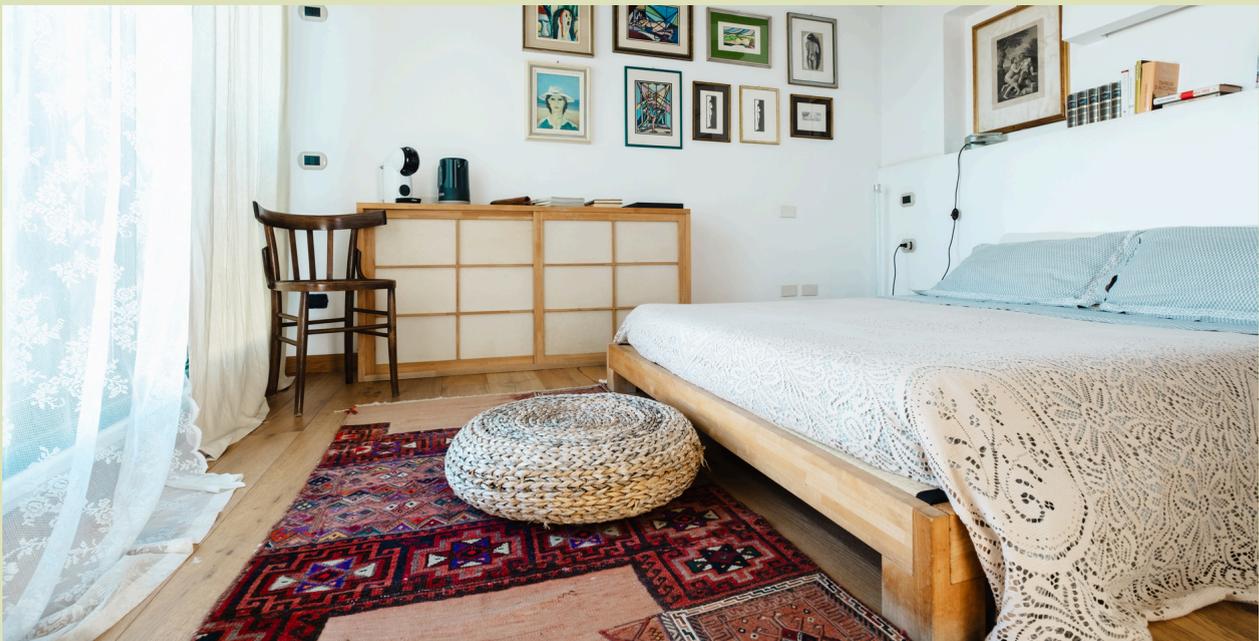

Tenuta Rasocolmo is a place designed to slow down. Here, time gently loosens its grip, inviting guests to reconnect with nature, wine, and the pleasure of simple, meaningful moments. Our approach to hospitality is rooted in a slow philosophy, where quiet, beauty, and authenticity take center stage. There are no televisions—only books to browse, art to discover, and wines to share. Surrounded by vineyards and the Mediterranean landscape, the estate offers an atmosphere of deep relaxation, where haste is forgotten and presence is restored.

Wine, born from the land itself, is at the heart of the experience and is paired with honest, thoughtful cuisine prepared by our chef, Nino Zen, whose cooking reflects respect for ingredients, territory, and tradition. Tenuta Rasocolmo is a retreat for those seeking calm, connection, and the timeless rhythm of Sicily. Tenuta Rasocolmo has always been a place of inclusive hospitality

# The Suites

# Junior suite

A distinctive feature of the suite is its beautifully designed bathroom, a rare example of refined interior design and aesthetic excellence.

Elegantly adorned in authentic Sicilian style, the Junior Suite is located on the ground floor and offers a comfortable double bed alongside a loft with two single beds.

The suite is fully equipped with air conditioning, heating, Wi-Fi, a kettle and coffee machine, and includes a generous breakfast service for a truly comfortable stay.

# Superior suite

Offering refined comfort and privacy, the Superior Suite features a private terrace overlooking the vineyard and the sweeping Mediterranean panorama.

This exclusive retreat includes a master bedroom with a Japanese futon, a private bathroom, and a dedicated dressing room.

The suite is completed by a spacious lounge and a private study, providing privileged views of the ancient palmento and, through a large panoramic window, the surrounding vineyard.

# Outdoors

The estate unfolds through gardens, patio, and vineyards overlooking the sea, offering a natural setting where silence, landscape, and time coexist.

# Beach & Hot tubs

# The Beach

At the foot of the estate lies the extraordinary Capo Rasocolmo Beach, where fine sandy shores meet dramatic cliffs shaped by metamorphic and volcanic rocks over 300 million years old—an internationally recognized geological site. Guests can swim in crystal-clear waters rich in marine life or relax on the distinctive “sand mountains” that define the promontory’s coastline.

For the more adventurous, a narrow footpath carved into the rock leads directly from the estate to the beach. Alternatively, Capo Rasocolmo can be reached in just five minutes by car or a scenic fifteen-minute walk, with access to both the sandy beach and the nearby cliffs, often favored by naturists.

# The Hot Tubs

Nestled among the vineyards, each suite is accompanied by a private hot tub, offering a secluded haven of relaxation where nature and comfort come together in perfect harmony. Surrounded by vines and open skies, guests can unwind in warm, soothing waters while enjoying sweeping views of the estate and the Mediterranean horizon.

An intimate and serene experience, the hot tubs invite moments of quiet indulgence at any time of day—whether beneath the golden light of sunset or under a canopy of stars—offering a unique way to connect with the landscape of Capo Rasocolmo.

## Museo d'Arte Contemporanea Rasocolmo (MURC)

At Tenuta Rasocolmo, art is ever-present, inviting visitors to explore a rich cultural experience.

From temporary exhibitions showcasing local talents to permanent works displayed throughout the estate, every corner tells a story and celebrates creativity.

Through our unique artist residency program, creative talents from around the world are welcomed to immerse themselves in the inspiration of Sicily. With dedicated spaces for creation and exhibition, the estate becomes an open-air studio, where artists bring to life works that reflect the beauty, history, and essence of the land.

# Enogastronomy

At Tenuta Rasocolmo, cuisine is a natural extension of our land and our wines.

Our culinary experience celebrates authentic Sicilian flavors through seasonal, locally sourced ingredients, many of which come directly from our own estate.

Each dish is thoughtfully paired with our wines, including the renowned Faro DOC and our organic white and red labels.

From light lunches and guided tastings to refined gourmet dinners with a private chef, we offer immersive food and wine experiences that invite guests to discover the culture, traditions, and tastes of Sicily, where every meal becomes a journey.

# Our wines

Our wines are an expression of the table and the culture that surrounds it.

Today, our production includes nine labels, each offering a different interpretation of our territory and grape varieties, while sharing a common sense of freshness, elegance, and drinkability.

In 2025, we introduced Mediterraneo, our organic line, born from a deeper commitment to sustainability, slow living, and respect for nature. These wines follow a more essential approach, shaped by the land and the rhythm of the seasons.

From simple dishes to more refined cuisine, Tenuta Rasocolmo wines are meant to be opened, shared, and enjoyed slowly.
